Subject: Fw: HF metals analysis

Hi Brian,

We had to send The Pavillion samples first through the CLP contract, but we are now ready for the 2nd round of re-analyses that are still in Las Vegas. Can you please work with Rick and Ralph to have them shipped back to Ada as soon as you can, so that they may prepared for CLP processing. If I recall, the plan was that you would keep the digestate from one of the site visits, but send the filtered and unfiltered for the CLP re-analysis?

Thanks,
Alice
